City of Portsmouth
Water Treatment Plant
97 Grafton Drive

MOTION

Director Loughlin:

The Pease Development Authority (“PDA”) Board of Directors hereby approves of the proposed new sign for the City of Portsmouth’s Water Treatment Plant located at 97 Grafton Drive; all in accordance with the memorandum of Maria J. Stowell, P.E., Engineering Manager, dated March 15, 2021, attached hereto.

NOTE: ROLL CALL Vote Required.

MEMORANDUM

To: Paul E Brean, Executive Director
From: Maria J. Stowell, P.E., Engineering Manager *Maria*
Date: March 15, 2021
Subject: Sign at Water Treatment Plant, 97 Grafton Drive

The City of Portsmouth is nearing completion of the reconstructed water treatment plant at 97 Grafton Drive and has requested approval to install a new sign. The proposed sign is modeled after the Pease Golf Course sign. It is the same size, approximately 24 square feet, and would be mounted between two granite columns. The sign would be located at the driveway entrance. The attachments show the sign details and location.

The proposal conforms to the PDA Zoning Regulations and staff recommends approval.

At the March 18th meeting, please ask the Board to approve the City of Portsmouth's sign request for the water treatment plant at 97 Grafton Drive.
